Read To Your Kids

I know everyone says this, but it really is a good idea. One of my colleagues refers to this advice as the “chicken soup” of reading education. We prescribe it for everything. (Does it help? It couldn’t hurt.) If a parent or caregiver can’t read or can’t read English, there are alternatives, such as using audiobooks; but for those who can, reading a book or story to a child is a great, easy way to advance literacy skills. Reading to kids exposes them to richer vocabulary than they usually hear from the adults who speak to them, and can have positive impacts on their language, intelligence, and later literacy achievement. What should you read to them? There are so many wonderful children’s books. Visit your local library, and you can get an armful of adventure!

Fun Family Activities for After Thanksgiving Dinner

After the turkey, stuffing, and pumpkin pie have all been gobbled up, what’s a family to do? Instead of piling onto the couch for an after-dinner snooze-fest, gather the whole gang for some fun after-dinner activities that will keep all ages entertained! It’s a great way to bond as a family and make the most out of your time together!
