98C Learning Loss Plan

Strategies to Address Learning Loss:

1. The district will prioritize the retention of staff, as staff turnover could further prohibit our addressing student learning loss. When staff is asked to perform additional duties, as it relates to the pandemic, they will be compensated for it. With the potential of increased time off for teachers, the district will also hire and utilize two full-time building subs to ensure effective instruction continues to take place when teachers are out.
2. All teaching and para-professional positions will receive training that ensures classroom-to-classroom instructional and management strategies are consistent and using the same strategic language.
3. Classroom teachers will be armed with supplemental instructional materials needed to support tier I instruction, while also addressing remedial skills, as needed.
4. Students will be given the opportunity to participate in additional instructional programs outside of regular school hours. This could be after-school, during summer months, or on weekends, and will include remediation opportunities, as well as specific test-prep instruction.
5. The district will provide additional instruction to qualifying students that is content-specific and delivered throughout the regular school day, without missing core instruction in their regular classroom time. Additional general classroom and ELL para-professionals will be hired to support individual learning needs of students.

98C - Learning Loss Plan

Academic Goals for Students:

Goal Category	Goal Related to Student Achievement or Growth on K-8 Benchmarks	Benchmark Assessment Name/Metric	Achievement or Growth?	Aligned to Covid-19 Learning Plan from 2020-21 (Y/N)	Strategy/Activity to Address	Approx.Budget

Middle of Year Reading Goal	The median growth percentiles reflecting fall to winter scaled scores growth in grades K-8 on reading NWEA growth tests will be at or higher than 50.	NWEA (MAP)	Growth	Yes	Provide ELL paraprofessionals to supply push in/pull out support services.	~\$55,000/year including salary and benefits per staff
Middle of Year Mathematics Goal	The median growth percentiles reflecting fall to winter scaled scores growth in grades K-8 on reading NWEA growth tests will be at or higher than 50.	NWEA (MAP)	Growth	Yes	Provide ELL paraprofessionals to supply push in/pull out support services.	~\$55,000/year including salary and benefits per staff
End of Year Reading Goal	The median growth percentiles reflecting fall to winter scaled scores growth in grades K-8 on reading NWEA growth tests will be at or higher than 50.	NWEA (MAP)	Growth	Yes	Provide ELL paraprofessionals to supply push in/pull out support services.	~\$55,000/year including salary and benefits per staff
